

# CBC NEWSLETTER April

## Photo Highlights

### Left: ESL, English as a Second Language (4/12)

Every Sunday night during the school semesters, our building is filled with voices and ministry moments, including over at Pratt Hall! For just an hour, these dedicated international students from the Chatham area come to CBC and work one-on-one with their coaches to improve their English both in understanding and in conversation. Pictured here is one student from Taiwan, and another from Colombia, each working with their coach.

### Center: Crafters Ministry (4/14)

Meeting once a week for over ten years, these ladies have worked on a variety of projects. Some are to work as a team providing quilts or fabrics for a mission work, and other days they serve our Sunday school classes or preschool by helping prep weekly supplies, and sometimes they bring their own personal projects to work on and spend that time in fellowship as they do their busywork. We're grateful for our Crafters!

### Right: CBC Choir (4/5)

Twice a year our church is able to create a reflection of our congregation and make a joyful noise together through our Choir. They rehearse for several weeks in preparation for their special music that is then performed for or alongside the church members in service. Pictured here are our soloists from this year's Easter Service: Peace Be With You and our Minister of Music & Worship

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
